

## Soft-Soled Children's Shoes in Adorable Designs and Colors.

**PlatyPaws®** soft-soled baby and toddler shoes come in a large selection of adorable designs and colors. **PlatyPaws®** shoes are not mass-produced – they are hand made in Australia from carefully selected soft **Formaldehyde-free** leather and suede. Our shoes are easy to get on, but hard for the child to remove. **Your child will enjoy wearing the finest quality shoe.**

Let your baby slide into a pair of easy-fit 'Wrapz'.

## Leading Pediatricians and Podiatrists recommend PlatyPaws.

Important pediatric studies conclude that children should walk bare-foot in order to allow their feet to develop naturally. When weather and conditions make bare-foot walking impractical, **PlatyPaws®** are the next best choice. **PlatyPaws®** allow children to feel and grip the walking surface as nature intended for muscle development, while reducing falls common in stiff heavy shoes.

If your child had a choice, that choice would be **PlatyPaws®** - "the soft-soled shoe".

The velcro fastener on the heel of 'Bootz' make them easy to slip on.

**PlatyPaws®** shoes are available in stock in sizes 1,3,4,5 and 6 in a wide range of colors and styles, and are suitable for new-born babies or toddlers up to 24 months.

## Shoe Size Chart: (Shoe Length)

Size: 1 = 0-6 Mo. = 4"  
 Size: 3 = 6-12 Mo. = 4 1/2"  
 Size: 4 = 10-16 Mo. = 5"  
 Size: 5 = 12-18 Mo. = 5 3/8"  
 Size: 6 = 18-24 Mo. = 5 3/4"

The size of the shoes will vary slightly by style.

When choosing the correct size, you need to place your child's feet on a piece of paper, preferably standing. Make a line at the heel and where the longest toe reaches. Measure the length.

Add 1/2" for growth and look at the size chart for the correct size.
